ABOUT US

The Hoxton Pony is the ideal East End hot spot and acts as a unique setting for any event from fashion shows to client functions.

Run by an event management team with a wealth of experience in the industry, we pride ourselves on delivering the highest standards possible in our level of service and attention to detail and we will happily source all the necessary elements of your event whether that is music, caterers or others sources of entertainment.

The three thousand eight hundred square foot venue, minutes from both Liverpool Street and Old Street, is split over two floors and is fully fitted to an extremely high standard.

The venue features striking and bold interior design. Smoked mirrors sit alongside stainless steel and high-gloss lacquer surfaces as well as giant light boxes featuring large scale photographs. Seating comprises a mix of banquettes and high tables and the sound system is second to none, which is suitable for both live and recorded music.

Most furniture is movable which allows for the venue to be very flexible for various events. The layout of the venue means that you can rent the venue as a whole or just rent one floor as both floors have been fitted with luxury bars.

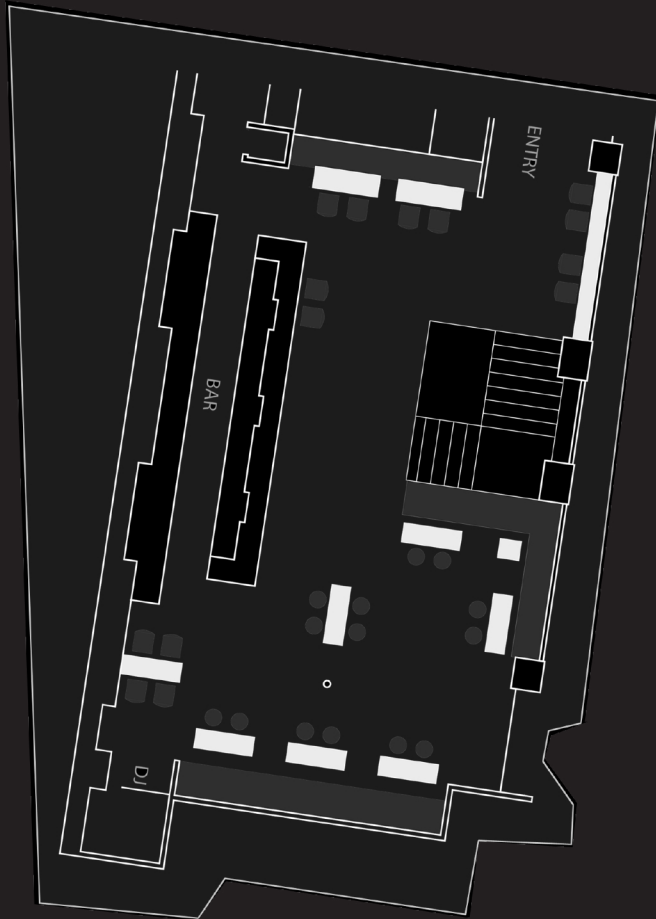

Our in-house kitchen caters high standard of food on a daily basis at the Hoxton Pony. Everything that leaves the kitchen is from the freshest produce and made from organic ingredients, we can cater for all eventualities; canap  parties, buffets and sit down meals.

Our owner Gerry Calabrese mixologist and entrepreneur has put together an impressive seasonally changing menu using only British organic ingredients and make all fresh compotes, syrups and purees on site. Flavour profile is given prominence, as every one of the 200+ spirits at the bar has been hand selected, as have the wines and beer selection.

We can offer private cocktail consultations by our award winning mixology team to tailor make menus to suit your event requirements.
