Pony ride

YOUR GUESTS ARE GUARANTEED TO BE LEFT BOUNCING WITH JOY AT THE HOXTON PONY

Gallop your merry way to Hoxton Pony, East London's swiftest venue, where east meets, well, more east. Fusing the traditions of its locality with its cutting-edge modernity, it prides itself on being the first London nightclub to serve cocktails in traditional hand-made tea-cups in a contemporary, modern and stylised atmosphere. They enthuse: 'We've taken a variety of antiquated British themes and made them into chic, contemporary ideas.'

Sip cocktails in style with seasonal cocktail menus from a unique combination of quintessential English tart rhubarb, loganberries and pears made from the finest organic ingredients sourced in the UK to maintain the true Brit grit feel of the place.

Designed by former Ralph Lauren UK's creative manager, the venue boasts a chic, sleek and modest minimalist without the arrogance and animosity that you would expect to find in competing bars.

The crisp and elegant 18th Century inspired décor comes replete with super-sleazy red tables, ultraviolet light, giant mirrors, and even a

taxidermy diorama behind the bar! Downstairs hold up to 400 people in the bar and restaurant itself, serving traditional East End grub like pig's head terrine and tarragon jellied eels!

The Pony is passionately committed into creating a sustainable and protective environment. It's made an impacted effort to provide ecologically acceptable means of conserving London with the introduction of waterless urinals, which saves over half a million litres of water a year.

Enjoy your beverages with professional and impressive bar team assembled by Calabrese headed by Andy Pearson the UK Bartenders Guild Nation Champion so you know you are in the most professional hands. With over 200 spirits hand selected and a selection of seasonal beers and cocktails you will be spoilt for choice.

Add to the whole British experience with a selection of vintage, electronica, rock and roll, classic movie soundtracks with current hits, regularly featuring live acts and top DJs.

Keep it British, keep it fun, keep it Hoxton Pony...
